## **Frim: We've always cooperated with MTIB**

FOREST Research Institute Malaysia (Frim) has always cooperated with the Malaysian Timber Industry Board (MTIB) and it will continue to do so. In a statement yesterday, Frim director general Datuk Dr Abd Latif Mohmod said since its inception, Frim has always been working closely with MTIB when both entities were under the Primary Industries Ministry, and even after Frim was positioned under the Natural Resources and Environment Ministry. Frim is involved in all MTIB activities, represented in MTIB's board of directors and represented in almost all committees under MTIB, including its subsidiary company Forest Plantation Sdn Bhd, he added. "Frim and MTIB have always been working well together and we will continue to do so," said Abd Latif.
