MAXIMA is best known for creating unique and elegant wardrobes coupled with advanced technology

MAXIMA, the world leader of the intelligent built-in wardrobes, is best known for creating unique and elegant wardrobes coupled with advanced technology. With more than 30 years of experience in the industry, Maxima has the perfect wardrobe solution for people from all walks of life.

Maxima is a brand that can be trusted; provides smart solutions for contemporary lifestyle needs. Maxima's modern, functional products complement any room and guarantee the maximum use of the space available.

Maxima's Original Anti-Jump System has won the International Australian Design Mark award. Maxima wardrobe also obtained the Test BS 4875 by FIRA International LTD in England. This award was obtained after testing the strength and durability by FRIM (Malaysia) in 2006.

Maxima's Original Anti-Jump System has gone through 40,000 cycles of "open and close" movements of the sliding doors. It will last more than 55 years if the sliding door is "opened and closed" twice a day or 36 years if thrice a day.

No wonder Maxima's Original Anti-Jump System comes with a 10-year warranty. Maxima imported Drawer Runners also passed the 40,000 cycles test and can withstand a heavy load of 30kg.

The Maxima wardrobe is the perfect set of wardrobe system for the home.

Maxima is having year-end promotions
