# More safety features at FRIM

## Company to also help restore canopy walkway

**P**LENITUDE Bhd donated RM20,000 to the Forest Research Institute of Malaysia (FRIM) for the conservation and preservation of its canopy walkway and the enhancement of its safety features recently.

FRIM director-general Datuk Dr Abdul Latif Mohmood received the donation from Plenitude director Zukarnine Shah Zainal Abidin.

The canopy walkway is a kilometre-long track within the thick foliage of FRIM and its highest point is 1,000ft.

The donation will contribute towards the preservation and conservation of the walkway as several parts have eroded due to high usage and natural wear and tear.

The work will also include placing more mangrove sticks measuring about 1.5m long to reduce the distance between each step.

Railings will be placed along the steps to provide greater safety.

Two small bridges will be built over the stream which runs through some parts of the trail and stones will be placed along strategic areas to prevent erosion.

For the convenience of users, benches will be placed at two spots along the trail. Enthusiasts who frequent the trail will be able to track the distance and height traversed as information panels will be installed every 200m.

Plenitude will also publish a series of advertorials on 12 Malaysian hardwood species and efforts that are being put in place for replanting and preservation.

"This collaboration with FRIM provides us with a great opportunity to take part and contribute towards the conservation of a pre-
