Trinity Group scores double win in European Award

INTERNATIONAL RECOGNITION: Integrated boutique developer Trinity Group Sdn Bhd recently celebrated double wins at the prestigious Europe Business Assembly (EBA) Awards 2012. Trinity Group and fellow Malaysian, Loh Guan-Lye Specialist Centre, received international recognition from the EBA this year, following wins by The Forest Research Institute Malaysia (FRIM) last year.

Trinity Group was awarded 'Best Enterprise' under the property development category for their business model; demonstrating a clear and

sustained capacity for creativity and innovation in the development and delivery of quality property projects. Meanwhile, Founder and Managing Director, Datuk Neoh Soo Keat, bagged the 'Best Manager of the Year' award for his leadership abilities and his vision.

Companies are assessed yearly, based on positive surveys in the media in collaboration with Oxford Brooks University in the UK. Companies and individuals who demonstrate the most outstanding achievement in commercial activity for that year, win the coveted award.

"Such recognition motivates us to continue striving for excellence through the highest standards, and assuring customer satisfaction. We also recog-

nise the need be more resourceful and creative, especially in the competitive property industry," commented Datuk Neoh after the win.

Trinity Group has built its reputation from delivering a strong track record of highly successful projects such as the Heron Residency, 19 Residency, The Zest and Latitude@USJ19. The Z Residence is the developer's latest and most ambitious venture to date.
