DBKL-FRIM MOA towards biodiversity

KUALA LUMPUR: The Dewan Bandaraya Kuala Lumpur (DBKL) is now working with the Forest Research Institute of Malaysia (FRIM) on urban forestry and urban garden management.

The memorandum of agreement (MOA) signed yesterday between the two parties marked a new dimension in the efforts to upgrade urban biodiversity to improve the quality of life of city folks.

The MOA was signed by Kuala Lumpur Mayor Datuk Seri Ahmad Phesal Talib while FRIM was represented by its director-general Datuk Dr Abdul Latif Mahmud.

"The MOA is an extension of the MOU agreed previously on March 28, 2013 which increased efficiency of biodiversity management in Kuala Lumpur," Ahmad Phesal said.- Bernama
