## ➔ Mandarin Oriental KL plants at FRIM

The Forest Research Institute Malaysia (FRIM) came together with Mandarin Oriental Kuala Lumpur to plant the seeds of 100 trees as well as sow a greater appreciation for nature. The catalyst was World Environment Day, which occurred on 5 June. Prior to the main activity, 56 hotel staff and 25 children from various charity homes took part in a two-kilometre educational trek into the planting site, dubbed Field 43. Once 100 saplings were dug into the soil, a plaque was erected to commemorate the occasion. The event was part of Mandarin Oriental's corporate social responsibility programme and was a symbol of its commitment towards the environment.
