2. Rehabilitation for eco-tourism

Children and adults from Kampung Mukim Air Hitam were brought to Legoland Malaysia Resort for a glimpse into the potentials of tourism and the importance of water. Under the "Water for Life" programme, Coca-Cola — together with Yayasan Kemanusiaan Muslim Aid Malaysia (Muslim Aid) — will be working towards rehabilitating an area of peat swamp at the Kluang Forest Reserve in Johor.

The project, funded by Coca Cola, will also involve the local communities, the **Forest Research Institute of Malaysia (FRIM)** and the Forestry Department.
