FRIM EDUCATION CENTRE

Pupils from Tabika Kemas, FRIM (Forest Research Institute of Malaysia) learn how to recycle beverage cartons. Talks, workshops and group activities for the public and visitors, especially school children, will become a regular features at FRIM with the setting up of its Environmental Education Centre (EEC) in conjunction with its 25th anniversary. Tetra Pak Malaysia Sdn Bhd contributed RM10,000 towards the setting up of EEC. For more details on the EEC, log on to www.frim.gov.my
